## General Information

Desired Results Developmental Profile (DRDP) (2015) assessment data are submitted to the California Department of Education (CDE) via the DR Access Data online data collection system which is available:

[DRAccessData.org](http://DRAccessData.org)

The following information is provided to assist in meeting reporting requirements.

Note that DRDP (2015) assessment data must be submitted to DR Access Data for:

All infants and toddlers with Individualized Family Service Plans (IFSPs) who are reported in the CALPADS system; and

All preschool-age children (3 - 5 year olds) including those enrolled in transitional kindergarten who have Individualized Education Programs (IEPs).

## Critical Dates for Reporting Requirements

The observation and documentation periods will remain the same year to year. It is the first business day of the month indicated.

Assessment Cycle	General Period for Observation, Documentation, and Rating	General Period for Assessors to Submit Data	Certification Deadline
Fall	September - November	December	February 1
Spring	January - May	May - June	July 1

## Required Data Fields

DRDP (2015) data includes two kinds of information:

- 1) Special Education Local Plan Areas (SELPA) will provide specific demographic and program information about children ages birth to five, with IFSPs or IEPs, receiving special education and related services from Local Educational Agencies (LEAs). This information comes from the "Information Page" that is completed as a part of the DRDP (2015) assessment. DRDP (2015) Table fields 1 through 30 provide the field specifications for demographics and program information.
- 2) SELPA) will provide DRDP (2015) assessment ratings on all measures from the DRDP (2015) assessment instrument for all eligible children. DRDP Table fields 31 through 142 provide the field specifications from the Rating Records.

## Contact Information

The Desired Results Access Project provides free technical support to the LEAs and SELPA/SOPs as necessary. If users need assistance, have questions or inquiries regarding the data processing or DR Access Data, please direct inquiries to:

Telephone: 1-800-973-9220

E-mail address: [data@draccess.org](mailto:data@draccess.org)

## File Structure with Field Descriptions and Codes

The DRDP (2015) file structure has 142 fields. The descriptions and valid codes for each field are provided in this technical assistance guide.

The DRDP (2015) Table field matrix provides a quick field reference structure and other information regarding the DRDP data file structure. Specifics on each data field include the following information: (1) field name, (2) field type, (3) field length, (4) content verification, and (5) new or revised status.

In-depth data field particulars are found in the Field Details section, which follows the matrix. Information in this section includes: (1) field definition, (2) purpose, (3) valid format, examples, and codes, (4) comments, if any, and (5) methods of verification applied, if any.

## Table Content Overview

**DRDP Data File:** DRDP (2015) Child’s Data shall contain at least one record for each child age birth to five receiving special education and related services from LEAs who are assessed during the current assessment cycle.

The first matrix column, Field #, is cross-referenced with the next section, Field Detail, which provides additional information concerning each field.

Note: The filler fields will be verified for blanks.

## DRDP (2015) Field Detail

### Child and Program Information

<b>1 F_NAME Child's first name</b>	
Definition	Child's first name as recorded in the IFSP or IEP.
Purpose	To identify each child uniquely and to ensure unduplicated count of children as required by the law; to ensure continuity of services to children when they move from one agency to another; and to evaluate effectiveness of special education programs by following children through transition programs.

<b>1 F_NAME Child's first name</b>	
Valid Format & Examples	CCCCCCCCCCCC (50 characters, including space, hyphen, period, apostrophe, and comma in quotes) JOHN JAMES, JR. CHARLES, III MARIA CORAZON LING-LING
Verified	If this field is left blank, it will result in an error. If the name has any special characters (@, #, \$, *, etc.), it will result in an error.

<b>2 L_NAME Child's last name</b>	
Definition	Child's last name or family name as recorded in the IFSP or IEP.
Purpose	To identify each child uniquely and to ensure unduplicated count of children as required by the law; to ensure continuity of services to children when they move from one agency to another; and to evaluate effectiveness of special education programs by following children through transition programs.
Valid Format & Examples	CCCCCCCCCCCC (50 Characters, including space, hyphen, period, apostrophe, and comma in quotes) BECKO RELLER SY-O'MALLEY LIM
Verified	If this field is left blank, it will result in an error. If the name has any special characters (@, #, \$, *, etc.), it will result in an error.

<b>3 CMPL_DATE Completion Date</b>	
Definition	This is the date that the DRDP (2015) Information Page and Rating Record were completed by the assessor. This is not necessarily the same date the DRDP information was entered into the SELPA's local MIS system.
Purpose	To identify and document the date that the DRDP (2015) assessment was completed by the assessor. This date must fall within a range preset for the current data reporting cycle.
Valid Format & Example	Date Field (8-digits) CCYYMMDD (ASCII format) 20210306 Spring assessment completion date of March 6, 2021
Comment	Computations for data reporting purposes rely on accurate completion dates and assessment cycles. See the Figure 2 below named FIELD 3 CMPL_DATE for inclusive dates for preset date ranges to validate completion dates.
Verified	Date must be within the valid date range established for the assessment cycle or it will result in an error.

Figure 2 - Field 3 CMPL\_DATE Inclusive Dates (Valid Completion Date Range)

Assessment Cycle	Fall	Spring
Date DRDP Completed Begin	09/01	02/01
Date DRDP Completed End	12/31	05/31

4 ASMT_CYCLE Assessment Cycle	
Definition	This is the season and four-character year that the DRDP (2015) assessment was completed.
Purpose	To identify and document whether the DRDP (2015) assessment was completed in the Fall or Spring (when DRDP (2015) data is collected). Computations for data reporting purposes rely on accurate completion dates and assessment cycles.
Valid Format & Valid Code	Season and four-character year (11 characters) The season must be 'FALL' or 'SPRING'. Example: SPRING 2021 Spring 2021 assessment cycle
Comment	Computations for data reporting purposes rely on accurate completion dates and assessment cycles.
Verified	Must be 'FALL' or 'SPRING' (only capitalized characters are accepted) and a four-character year. These must match the season and year of the current assessment cycle.

5 STUDENT_ID Student identifier	
Definition	A unique identifier assigned by the SELPA/state-operated program (SOP) to each child it serves and reports.
Purpose	To identify each child record uniquely within a SELPA and to insure unduplicated count of children as required by the law.
Valid Format & Examples	CCCCCCCCCCCCCCCC (16 characters) ABCDEFGH RWS67082100G8
Comment	This may be a number, a set of letters, a combination of numbers and letters, or the child's social security number currently used by SELPA or the local educational agency. The identifier may include trailing or preceding blanks but no special characters. No two records shall have the same child identifier within a SELPA. The SELPA/SOP shall use the same child identifier for a particular child in all reporting cycles and from year to year.
Verified	This field is no longer required and can be left blank.

<b>6 SSID Statewide Student Identifier, SSID</b>	
Definition	CDE issued unique Statewide Student Identifier acquired by local districts
Purpose	To coordinate Special Education data with General Education data statewide.
Valid Format	CCCCCCCCCC (10 characters)
Comment	This entry must only be the CDE assigned statewide student identifier. Please refer to <a href="http://www.cde.ca.gov/ds/sp/cl/ssid.asp">http://www.cde.ca.gov/ds/sp/cl/ssid.asp</a> for further information on Statewide Student Identifier.
Verified	If this field is left blank, it will result in an error. SSIDs are required for all children with an IFSP or IEP.

<b>7 GENDER Child's gender</b>	
Definition	Gender identification of child
Purpose	To determine and research educational characteristics of special education children by gender.
Valid Format & Valid Codes	C (1 character code) F Female M Male X Non-binary Gender
Verified	The entry in this field must be 'M', 'F', or 'X' or it will result in an error.

<b>8 BIRTHDATE Child's date of birth</b>	
Definition	The actual, official or recorded date of birth of the child.
Purpose	To calculate age of the child at any date, to comply with the requirements of the state and federal laws.
Valid Format & Example	Date Field (8-digits) CCYYMMDD (ASCII format) 20171227 (ASCII format) for December 27, 2017
Comment	Dates must be within the valid birth date range established for the assessment cycle to ensure the child is between zero and five years old. See Figure 3 below named FIELD 8 BIRTHDATE INCLUSIVE DATES for the preset date range.
Verified	Dates must be within the preset date range for each assessment cycle, or it will result in an error.

Figure 3 - Field E-8 Birthdate Inclusive Dates (Valid Birth Date Range)

DRDP Type	Fall Valid Birthdate Range	Spring Valid Birthdate Range

A (IFSP)	11/01/(Current Year – 3) through 10/31/(Current Year)  <u>Example</u> Fall 2020 11/01/2017 through 10/31/2020	04/01/(Current Year – 3) through 03/31/(Current Year)  <u>Example</u> Spring 2021 04/01/2018 through 03/31/2021
B (IEP)	11/01/(Current Year – 6) – 12/31/(Current Year – 3)  <u>Example</u> Fall 2020 11/01/2014 through 12/31/2017	04/01/(Current Year – 6) – 05/31/(Current Year – 3)  <u>Example</u> Spring 2021 04/01/2015 through 05/31/2018

<b>9 DRDP_TYPE Program information</b>	
Definition	This field is to indicate type of program the child is being served in.
Purpose	To identify if the child is being served in an Individualized Family Service Plan (IFSP) or Individualized Education Program (IEP).
Valid Format & Valid Codes	C (1 character code) A Individualized Family Service Plan (IFSP) – Infant only B Individualized Education Program (IEP) – Preschool only
Verified	If the field is blank, it will result in an error. The entry must be valid codes or it will result in an error. This field is verified with the valid birthdate ranges noted above in Figure 3.

<b>10 ELD_MEAS Is a language other than English spoken in the child's home</b>	
Purpose:	To identify the programmatic needs of special education students with different language backgrounds.
Valid Format & Valid Codes	C (1 character code) Y Yes, a language other than English is spoken in the child's home N No, English is the only language spoken in the child's home or child's disability is Deafness or Hard of Hearing and not learning a spoken language
Verified:	The entry in this field must be 'Y' or 'N' or it will result in an error. If yes, the Fields ELD1-RTG through ELD4_RTG must be completed for Preschool-age child.

Figure 4 - Field 17 DISABILIT1, Codes Used to Indicate the Child's Disability

Code	Disability Categories	Code	Disability Categories
210	Intellectual Disability (ID)	280	Other Health Impairment (OHI)

Code	Disability Categories	Code	Disability Categories
220	Hard of Hearing (HH)	281	Established Medical Disability (EMD) (3 and 4 year olds only)
230	Deafness (DEAF)	290	Specific Learning Disability (SLD)
240	Speech or Language Impairment (SLI)	300	Deaf-Blindness (DB)
250	Visual Impairment (VI)	310	Multiple Disability (MD)
260	Emotional Disturbance (ED)	320	Autism (AUT)
270	Orthopedic Impairment (OI)	330	Traumatic Brain Injury (TBI)

<b>11 DISABILIT1 Primary disability category of the child</b>	
Definition	It is the main disability of the child contributing to his/her eligibility for special education and related services. If a child has more than one type of disability, the child shall be reported under Multiple Disabilities.
Purpose	To identify and report special education children under an appropriate disability category according to federal and state laws; to comply with the federal laws and to receive federal funds; to collect data according to the state laws and to appropriate state funds for the local agencies; and to implement court orders on <i>Larry P.</i> and <i>Diana</i> .
Valid Format & Example	CCC (3-digit character code) 320 Autism (AUT)
Comment	The most prominent disability.
Verified	The entry must be one of the disability codes or it will result in an error.

Figure 5 - Fields 12 through 19, List of Adaptations used with the DRDP (2015)

Adaptations	Field Name	Definition
Augmentative or alternative communication system	ADAPT_AUG	Methods of communication other than speech that allow a child who is unable to use spoken language to communicate with others.
Alternative mode for written language	ADAPT_ALTW	Methods of reading or writing used by a child who cannot see well enough to read or write or cannot hold and manipulate a writing utensil (e.g., pencil, pen) well enough to produce written symbols.
Visual support	ADAPT_VIS	Adjustments to the environment that provide additional information to a child who has limited or reduced visual input.
Assistive equipment or device	ADAPT_AST	Tools that make it possible or easier for a child to perform a task.
Functional positioning	ADAPT_FUN	Strategic positioning and postural support that allow a child to have increased control of his/her body.

<b>Adaptations</b>	<b>Field Name</b>	<b>Definition</b>
Sensory support	ADAPT_SEN	Increasing or decreasing sensory input to facilitate a child’s attention and interaction in the environment.
Alternative response mode	ADAPT_ALTR	Recognition that a child might demonstrate mastery of a skill in a unique way that differs from the child’s typically developing peers.
None	ADAPT_NONE	No adaption was used during the assessment.

<b>12 ADAPT_AUG Use of augmentative or alternative communication system</b>	
Definition	To specify if methods of communication other than speech were used that allow a child who is unable to use spoken language to communicate with others.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child’s IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, augmentative or alternative communication system was used
Verified	An entry other than a ‘Y’ or blank will result in an error.

<b>13 ADAPT_ALTW Use of alternative mode for written language</b>	
Definition	To specify if methods of reading or writing were used by a child who cannot see well enough to read or write or cannot hold and manipulate a writing utensil (e.g., pencil, pen) well enough to produce written symbols.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child’s IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, alternative mode for written language was used
Verified	An entry other than a ‘Y’ or blank will result in an error.

<b>14 ADAPT_VIS Use of visual support</b>	
Definition	To specify if adjustments were made to the environment that provide additional information to a child who has limited or reduced visual input.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child’s IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, visual support was used
Verified	An entry other than a ‘Y’ or blank will result in an error.

<b>15 ADAPT_AST Use of assistive equipment or device</b>	
Definition	To specify if tools were used that make it possible or easier for a child to perform a task.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child's IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, assistive equipment or device was used
Verified	An entry other than a 'Y' or blank will result in an error.

<b>16 ADAPT_FUN Functional positioning</b>	
Definition	To specify if strategic positioning and postural support were used that allow a child to have increased control of his/her body.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child's IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, functional positioning was used
Verified	An entry other than a 'Y' or blank will result in an error.

<b>17 ADAPT_SEN Use of sensory support</b>	
Definition	To specify if an increase or decrease in sensory input was used to facilitate a child's attention and interaction in the environment.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child's IEP and used during the DRDP (2015) assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, sensory support was used
Verified	An entry other than a 'Y' or blank will result in an error.

<b>18 ADAPT_ALTR Alternative response mode</b>	
Definition	Recognition that a child might demonstrate mastery of a skill in a unique way that differs from the child's typically developing peers.
Purpose	To identify the applicable adaptations (or accommodations) recorded on the child's IEP and used during the DRDP assessment, as mandated by IDEA 2004 [614(d)(1)(A)(i)(VI)(aa)].
Valid Format & Valid Code	C (1 character code) Y Yes, alternative response mode was used
Verified	An entry other than a 'Y' or blank will result in an error.

<b>19 ADAPT_NONE No adaptation was used during the assessment</b>	
Purpose	To specify that no adaptation was used during the assessment for the DRDP (2015).
Valid Format & Valid Code	C (1 character code) Y No adaption was used in the assessment.
Verified	An entry other than a 'Y' or blank will result in an error. If any Fields 11 through 19 is 'Y', this field shall be blank or will result in an error.

<b>20 SETT_PARTC_EI_PGM Part C Early Intervention Program</b>	
Purpose	To specify that the child receives early care and education services in a Part C Early Intervention program.

## 20 SETT\_PARTC\_EI\_PGM Part C Early Intervention Program

Valid Format & Valid Code	C (1 character code) Y Child receives services in a Part C Early Intervention program.
Verified	An entry other than a 'Y' or blank will result in an error.

## 21 SETT\_STATE\_PS State Preschool

Purpose	To specify that the child receives early care and education services in a State Preschool.
Valid Format & Valid Code	C (1 character code) Y Child receives services in a State Preschool.
Verified	An entry other than a 'Y' or blank will result in an error.

## 22 SETT\_FIRST5 First 5

Purpose	To specify that the child receives early care and education services in First 5.
Valid Format & Valid Code	C (1 character code) Y Child receives services in First 5 program.
Verified	An entry other than a 'Y' or blank will result in an error.

## 23 SETT\_EARLYHS\_HS Early Head Start/Head Start

Purpose	To specify that the child receives early care and education services in an Early Head Start or Head Start program.
Valid Format & Valid Code	C (1 character code) Y Child receives services in an Early Head Start or Head Start program.
Verified	An entry other than a 'Y' or blank will result in an error.

## 24 SETT\_TRIBAL\_HS Tribal Head Start

Purpose	To specify that the child receives early care and education services in a Tribal Head Start program.
Valid Format & Valid Code	C (1 character code) Y Child receives services in a Tribal Head Start program.
Verified	An entry other than a 'Y' or blank will result in an error.

**25 SETT\_MIGRANT\_PGM Migrant Program**

Purpose	To specify that the child receives early care and education services in a migrant program.
Valid Format & Valid Code	C(1 character code) Y Child receives services in a migrant program.
Verified	An entry other than a 'Y' or blank will result in an error.

**26 SETT\_CHILDCARE\_CTR Child Care Center**

Purpose	To specify that the child receives early care and education services in a child care center.
Valid Format & Valid Code	C(1 character code) Y Child receives services in a child care center.
Verified	An entry other than a 'Y' or blank will result in an error.

**27 SETT\_HOME Home**

Purpose	To specify that the child receives early care and education services in their home.
Valid Format & Valid Code	C(1 character code) Y Child receives services in the home.
Verified	An entry other than a 'Y' or blank will result in an error.

**28 SETT\_REMOTE\_DIST Remote Service Delivery/Distance Learning**

Purpose	To specify that the child receives early care and education services through remote service delivery or through distance learning.
Valid Format & Valid Code	C(1 character code) Y Child receives services through remote service delivery or through distance learning.
Verified	An entry other than a 'Y' or blank will result in an error.

**29 SETT\_TITLE1 Title 1**

Purpose	To specify that the child receives early care and education services through Title 1.
Valid Format & Valid Code	C(1 character code) Y Child receives services through Title 1.
Verified	An entry other than a 'Y' or blank will result in an error.

**30 SETT\_FAM\_CAREHOME Family Child Care Home**

Purpose	To specify that the child receives early care and education services at a family child care home.
Valid Format & Valid Code	C (1 character code) Y Child receives services at a family child care home.
Verified	An entry other than a 'Y' or blank will result in an error.

**31 SETT\_PVT\_PS Private Preschool**

Purpose	To specify that the child receives early care and education services at a private preschool program.
Valid Format & Valid Code	C (1 character code) Y Child receives services at a private preschool program.
Verified	An entry other than a 'Y' or blank will result in an error.

**32 SETT\_DIST\_PS District Preschool**

Purpose	To specify that the child receives early care and education services at a district preschool program.
Valid Format & Valid Code	C (1 character code) Y Child receives services at a district preschool program.
Verified	An entry other than a 'Y' or blank will result in an error.

**33 SETT\_SEP\_SPCL\_CLS Separate Class/Special Day Class**

Purpose	To specify that the child receives early care and education services in a separate class or special day class.
Valid Format & Valid Code	C (1 character code) Y Child receives services in a separate class or special day class.
Verified	An entry other than a 'Y' or blank will result in an error.

**34 SETT\_SEP\_SCHOOL Separate School for Children with Disabilities**

Purpose	To specify that the child receives early care and education services in a separate school for children with disabilities.
Valid Format & Valid Code	C (1 character code) Y Child receives services in a separate school for children with disabilities.
Verified	An entry other than a 'Y' or blank will result in an error.

### 35 SETT\_SERV\_PROV\_LOC Service Provider Location

Purpose	To specify that the child receives early care and education services at a service provider's location, e.g. clinic or office.
Valid Format & Valid Code	C (1 character code) Y Child receives services at service provider's location.
Verified	An entry other than a 'Y' or blank will result in an error.

### 36 SETT\_TK Transitional Kindergarten

Purpose	To specify that the child receives early care and education services in Transitional Kindergarten.
Valid Format & Valid Code	C (1 character code) Y Child receives services in a Transitional Kindergarten classroom.
Verified	An entry other than a 'Y' or blank will result in an error.

### 37 SETT\_OTHER Other Setting

Purpose	To identify another setting not listed in fields 20 through 35.
Format & Examples	(50 Characters maximum, including space, hyphen, period, apostrophe, and comma in quotes)
Verified	If this field is left blank, it will result in an error. If the setting has any special characters (@, #, \$, *, etc.), it will result in an error.

### 38 SELPA\_CODE SELPA or state-operated program (SOP) reporting data

Definition	This is the four-digit code to identify the SELPA or SOP that is responsible for providing services to the child and reporting data.
Purpose	To identify the administrative unit under which a child receives special education and related services, and through which agency the funding for special education is allocated.
Valid Format & Example	CCCC (4-digit character code) 1700 Lake County
Comment	These codes uniquely identify each SELPA/SOP and the corresponding administrative unit, following the statewide CDS coding system and the special education program and funding structure. This system provides sufficient flexibility to incorporate any future changes in the SELPA structure.
Verified	If this field is left blank, it will result in an error. If the entry is not a valid SELPA code, it will result in an error.

### 39 DIST\_CODE District, county office of education or state-operated program site responsible for ensuring that special education services are provided to a child

Definition	District, county office of education (COE), or SOP site responsible for ensuring that special education services are provided to a child. This is a seven-digit code, of which the first two digits are the code of the county in which the district is located, followed by the five-digit district/site code. See <i>California School Directory</i> for correct code of the district, COE or SOP.
Purpose	To identify the district, COE, or SOP site that provides or accounts for the services and receives funding.
Valid Format, Example, & Code Location	CCDDDDD (7-digit county-district code) Use the 7-digit county-district code or state-operated program code from the <i>California School Directory</i> . 4369393 Campbell Union Elementary For valid codes visit the <i>California School Directory</i> located at <a href="https://www.cde.ca.gov/schooldirectory/">https://www.cde.ca.gov/schooldirectory/</a>
Comment	Every year some districts change their administrative, organizational, or geographic configuration. Also, new districts are created to accommodate an increasing population. The Publications Office of the CDE documents these changes. Make sure that the code in this field is correct. Note: County schools office shall not be identified as "CC00000".
Verified	An entry must be a valid district code or it will result in an error.

### 40 ASRS\_NAME Name of primary assessor

Definition	The name of the primary special education person (teacher, therapist, other certificated professional) that completed the DRDP (2015) assessment.
Purpose	To identify the primary person who will specifically have access to the child's rating information.
Format & Examples	(50 Characters maximum, including space, hyphen, period, apostrophe, and comma in quotes) JOAN SHAEFFER-SMITH PATRICK O'NEAL JAMES JOHNSON, III
Comment	This field will be verified against a list of personnel provided by the SELPA.
Verified	If this field is left blank, it will result in an error. If the name has any special characters (@, #, \$, *, etc.), it will result in an error. Numbers are allowed.

### 41 ASRS\_ROLE Role of primary assessor completing the DRDP (2015) assessment

Definition	This is the occupation of the person completing the DRDP (2015) assessment instrument.
Purpose	To identify the role of the person who assessed the child during the DRDP (2015) assessment.
Valid Format & Valid Codes	CCC (3-digit code) 100 Occupational/Physical Therapist 200 Program Specialist or Administrator 300 Special Education Teacher 400 Speech/Language Pathologist

	500 Teacher of the Deaf/Hard of Hearing 600 Teacher of the Visually Impaired 700 Early Intervention Specialist 900 Other
Comment	This field is to identify the role of the person performing the DRDP assessment.
Verified	If this field is left blank, it will result in an error. If the entry is not a valid code, it will result in an error.

<b>42 RPTS_EMAIL DRAccessReports.org Account Email</b>	
Definition	The email address for the assessor’s DR Access Reports account. This allows for results to be automatically transferred every night to DRAccessReports.org.
Purpose	To identify the DR Access Reports email address that will be used to transfer records from MIS systems to DR Access Reports.
Format & Examples	(50 Characters maximum, including space, hyphen, period, apostrophe, @, and comma in quotes) janet.johnson@district.usd
Verified	If this field is left blank, it will result in an error. If this field is not in a valid email format, it will result in an error.

<b>43 ASSIS_COMP Collaboration to complete the assessment</b>	
Definition	Indication if others worked with the primary assessor to complete the DRDP (2015).
Purpose	To identify the role of the person who assessed the child during the DRDP (2015) assessment.
Valid Format & Valid Code	C (1 character code) Y Yes, assistance was needed to complete the assessment.
Comment	This field is to identify if assistance completing the assessment.
Verified	An entry other than a ‘Y’ or blank will result in an error.

**44 ASSIS\_GE\_CHILDCARE General Education Teacher and Child Care Provider**

Purpose	To identify the role of the person who collaborated to assess the child during the DRDP (2015) assessment.
Valid Format & Valid Code	C (1 character code) Y Yes, collaboration was needed to complete the assessment with a General Education Teacher or Child Care Provider.
Verified	An entry other than a 'Y' or blank will result in an error.

**45 ASSIS\_FAMILY Family**

Purpose	To identify the role of the person who collaborated to assess the child during the DRDP (2015) assessment.
Valid Format & Valid Code	C (1 character code) Y Yes, collaboration was needed to complete the assessment with the child's family.
Verified	An entry other than a 'Y' or blank will result in an error.

**46 ASSIS\_SLP Speech/Language Pathologist**

Purpose	To identify the role of the person who collaborated to assess the child during the DRDP (2015) assessment.
Valid Format & Valid Code	C (1 character code) Y Yes, collaboration was needed to complete the assessment with a Speech and Language Pathologist.
Verified	An entry other than a 'Y' or blank will result in an error.

**47 ASSIS\_OPT Occupational/Physical Therapist**

Purpose	To identify the role of the person who collaborated to assess the child during the DRDP (2015) assessment.
Valid Format & Valid Code	C (1 character code) Y Yes, collaboration was needed to complete the assessment with an Occupational or Physical Therapist.
Verified	An entry other than a 'Y' or blank will result in an error.

48 ASSIS_OTHER Other Collaborator	
Purpose	To identify another role (not listed in fields 43 through 47) of the person who collaborated to assess the child during the DRDP (2015) assessment.
Format & Examples	(50 Characters maximum, including space, hyphen, period, apostrophe, and comma in quotes)
Verified	If this field is left blank, it will result in an error. If the setting has any special characters (@, #, \$, *, etc.), it will result in an error.

## DRDP (2015) Rating Record Fields

### DRDP (2015) Forms

DRDP (2015) has two views of the forms that can be rated: Infant/Toddler and Preschool Fundamental. Selecting the DRDP type (IFSP or IEP) will identify the domains that correspond to the respective measures and codes that are permitted.

### DRDP (2015) Instrument Update

Several measures were removed from the collection and the filler fields replaced them so that the data structure can remain the same as the previous year. However, these filler fields will be verified for blanks.

### DRDP (2015) Rating Fields

Enter DRDP (2015) ratings for each measure.

Circumstances may occur when a rating for a measured skill or behavior is not available. Two additional valid field entries are available to describe the circumstances where the measure was not rated, namely:

UR = absence and CM = Conditional Measure

It is important that all measures applicable are rated.

Note: Conditional Measure (CM) only applies for Preschool children (children with IEPs).

### DRDP Emerging Fields

Immediately after each rating field is an associated emerging field. The behavior or skill is reported using a 'Y' or 'blank' and are defined as follows:

Y Next level skill or behavior is emerging

Blank Next level skill or behavior is not emerging

The Emerging Field must be left 'blank' if the associated Rating Field is reported as the highest developmental level available for the measure, or reporting either of these situations as an Emerging, 'Y' code, is erroneous.

## 49 AREG1\_RTG DRDP (2015) Measure ATL-REG1 Rating, Attention Maintenance

Definition	This is the rating of the child’s skill level for DRDP (2015) Measure ATL-REG1 Attention Maintenance
Purpose	To identify and document the current skill level of the child for DRDP (2015) Measure ATL-REG1 Attention Maintenance
Valid Format & Valid Codes	CCCCCC (6 character code) RSP-ER          Responding Earlier RSP-LT          Responding Later EXP-ER          Exploring Earlier EXP-LT          Exploring Later BLD-ER          Building Earlier UR                Unable to Rate
Comment	This field must be filled in and cannot be left blank.
Verified	An entry other than the valid codes will result in an error.

### 50 AREG1\_EMG DRDP (2015) Measure ATL-REG1 Attention Maintenance

Definition	This is the identification of whether or not the child’s skill level for the DRDP (2015) Measure ATL-REG1 Attention Maintenance, is emerging to the next higher rating level.
Purpose	To identify and document when the child is emerging to the next higher rating level for DRDP (2015) Measure ATL-REG1 Attention Maintenance.
Valid Format & Valid Code	C (1 character code) Y          Yes
Comment	This field must be left blank if the child’s rating for field AREG1_RTG = BLD-ER, or UR.
Verified	An entry other than blank or ‘Y’ will result in an error.

### 51 AREG2\_RTG DRDP (2015) Measure ATL-REG2 Rating, Self-Comforting

Definition	This is the rating of the child’s skill level for DRDP (2015) Measure ATL-REG2 Self-Comforting
Purpose	To identify and document the current skill level of the child for DRDP (2015) Measure ATL-REG2 Self-Comforting

### 52 AREG2\_EMG DRDP (2015) Measure ATL-REG2 Self-Comforting

Definition	This is the identification of whether or not the child’s skill level for the DRDP (2015) Measure ATL-REG2 Self-Comforting, is emerging to the next higher rating level.
Purpose	To identify and document when the child is emerging to the next higher rating level for DRDP (2015) Measure ATL-REG2 Self-Comforting
Valid Format & Valid Code	C (1 character code) Y Yes
Comment	This field must be left blank if the child’s rating for field AREG2_RTG = BLD-ER, or UR.
Verified	An entry other than blank or ‘Y’ will result in an error.

### 53 AREG3\_RTG DRDP (2015) Measure ATL-REG3 Imitation

Definition	This is the rating of the child’s skill level for DRDP (2015) Measure ATL-REG3 Imitation
Purpose	To identify and document the current skill level of the child for DRDP (2015) Measure ATL-REG3 Imitation

Verified	An entry other than valid codes will result in an error		

136 PTH8_EMG DRDP (2015) Measure PTH8 Personal Care Routines: Dressing	
Definition	This is the identification of whether or not the child's skill level for the DRDP (2015) Measure PTH8 Personal Care Routines: Dressing, is emerging to the next higher rating level.
Purpose	To identify and document when the child is emerging to the next higher rating level for DRDP (2015) Measure PTH8 Personal Care Routines: Dressing
Valid Format & Code	C (1 character code) Y Yes
Comment	This field must be left blank if the child's rating for field PTH8_RTG = INT-ER, or UR
Verified	An entry other than blank or 'Y' will result in an error.

137 PTH9_RTG DRDP (2015) Measure PTH9 Rating, Active Physical Play			
Definition	This is the rating of the child's skill level for DRDP (2015) Measure PTH9 Active Physical Play <b>Note: This measure is only required for preschool-age children.</b>		
Purpose	To identify and document the current skill level of the child for DRDP (2015) Measure PTH9 Active Physical Play		
Valid Format & Valid Codes	CCCCCC (6 character code)		
	EXP-MD	Exploring Middle	(Preschool only)
	EXP-LT	Exploring Later	(Preschool only)
	BLD-ER	Building Earlier	(Preschool only)
	BLD-MD	Building Middle	(Preschool only)
	BLD-LT	Building Later	(Preschool only)
	INT-ER	Integrating Earlier	(Preschool only)
	NY	Not Yet	(Preschool only)
	UR	Unable to Rate	(Preschool only)
Verified	An entry other than valid codes will result in an error. If DRDP_TYPE = B, This field must be filled in and cannot be left blank.		

138 PHTH9_EMG DRDP (2015) Measure PHTH9 Active Physical Play	
Definition	This is the identification of whether or not the child's skill level for the DRDP (2015) Measure PHTH9 Active Physical Play, is emerging to the next higher rating level.
Purpose	To identify and document when the child is emerging to the next higher rating level for DRDP (2015) Measure PHTH9 Active Physical Play
Valid Format & Code	C (1 character code) Y Yes
Comment	This field must be left blank if the child's rating for field PHTH9_RTG = INT-ER, NY or UR.
Verified	An entry other than blank or 'Y' will result in an error.

139 PHTH10_RTG DRDP (2015) Measure PHTH10 Rating, Nutrition	
Definition	This is the rating of the child's skill level for DRDP (2015) Measure PHTH10 Nutrition <b>Note: This measure is only required for preschool-age children.</b>
Purpose	To identify and document the current skill level of the child for DRDP (2015) Measure PHTH10 Nutrition
Valid Format & Valid Codes	CCCCCC (6 character code) EXP-MD Exploring Middle (Preschool only) EXP-LT Exploring Later (Preschool only) BLD-ER Building Earlier (Preschool only) BLD-MD Building Middle (Preschool only) BLD-LT Building Later (Preschool only) INT-ER Integrating Earlier (Preschool only) NY Not Yet (Preschool only) UR Unable to Rate (Preschool only)
Verified	An entry other than valid codes will result in an error. If DRDP_TYPE = B, This field must be filled in and cannot be left blank.

140 PHTH10_EMG DRDP (2015) Measure PHTH10 Nutrition	
Definition	This is the identification of whether or not the child's skill level for the DRDP (2015) Measure PHTH10 Nutrition, is emerging to the next higher rating level.
Purpose	To identify and document when the child is emerging to the next higher rating level for DRDP (2015) Measure PHTH10 Nutrition
Valid Format & Code	C (1 character code) Y Yes
Comment	This field must be left blank if the child's rating for field PHTH10_RTG = INT-ER, NY or UR.
Verified	An entry other than blank or 'Y' will result in an error.

## Appendix A - List of DRDP Errors

DRAccessData online system generates errors while verifying the DRDP data table. These errors are listed in numerical order with explanations of the message and how to correct them. All errors must be corrected.

Error	Error Message and Explanation
E100	SELPA_CODE IS IN ERROR The entry in the Field SELPA_CODE is not one of the codes listed, or the Field is blank. Enter the correct four-digit code for your SELPA or SOP.
E101	DRDP_TYPE CODE IS IN ERROR The entry in the Field DRDP_TYPE is not valid for the Birthdate range. Enter a valid DRDP_TYPE for the BIRTHDATE range.
E102	DIST_SERV CODE IS IN ERROR The entry in the Field DIST_SERV is not a valid district/site code, or the Field is blank. Please verify the entry against the list of districts under this SELPA/SOP and enter the correct seven-digit DIST_SERV code (2-digit county code plus 5-digit district code). Obtain the correct county-district code from the <i>California Public School Directory</i> .
E103	SSID IS BLANK OR IN ERROR There is no entry in the Field SSID. This Field must contain a valid SSID when the DRDP_Type field = 'B'.
E104	STUDENT_ID IS BLANK OR IN ERROR There is no entry in the Field STUDENT_ID. This Field must contain a student identifier, assigned by the SELPA or SOP.
E106	ASSMT. CYCLE IS IN ERROR The entry in the Field ASMT_CYCLE is not valid. Enter correct assessment cycle.
E110	ASRS_NAME IS BLANK OR IS IN ERROR The entry in the Field ASRS_NAME is blank or contains a special character. Enter data for this field.
E111	LAST_NAME IS BLANK OR IN ERROR The entry in the Field LAST_NAME is blank or the name starts with a blank or includes a special character. Enter the correct last name.
E112	FIRST_NAME IS BLANK OR IN ERROR The entry in the Field FIRST_NAME is blank or the name starts with a blank or includes a special character. Enter the correct first name.
E113	INVALID BIRTHDATE RANGE FOR drdp_type There is invalid date range in the Field BIRTHDATE. Enter the correct date or correct DRDP_TYPE as appropriate both Fields.
E114	CMPL_DATE IS IN ERROR The entry in the Field CMPL_DATE is in invalid range. Enter correct date with valid CMPL_DATE range.
E117	ASRS_ROLE CODE IS IN ERROR The entry in the Field ASRS_ROLE is in error. Enter a valid code.
E118	GENDER IS NOT M, F, OR X The entry in the Field GENDER is not "M" or "F" or "X". Enter correct entry in the Field.
E123	ADAPT_AUG CODE IS IN error

	The entry in the Field ADAPT_AUG not "Y" or blank. Enter correct entry in the Field.
E124	ADAPT_ALTW IS IN ERROR The entry in the Field ADAPT_ALTW not "Y" or blank. Enter correct entry in the Field.
E125	ADAPT_VIS IS IN ERROR The entry in the Field ADAPT_VIS not "Y" or blank. Enter correct entry in the Field.
E126	ADAPT_AST IS IN ERROR The entry in the Field ADAPT_AST not "Y" or blank. Enter correct entry in the Field.
E127	ADAPT_FUN IS IN ERROR The entry in the Field ADAPT_FUN not "Y" or blank. Enter correct entry in the Field.
E128	ADAPT_SEN IS IN ERROR The entry in the Field ADAPT_SEN not "Y" or blank. Enter correct entry in the Field.
E129	ADAPT_ALTR IS IN ERROR The entry in the Field ADAPT_ALTR not "Y" or blank. Enter correct entry in the Field.
E130	ADAPT_NONE IS IN ERROR The entry in the Field ADAPT_NONE not "Y" or blank. Enter correct entry in the Field.
E131	ELD_MEAS CODE IS IN ERROR The entry in the Field ELD_MEAS is not "Y" or "N". Enter correct entry in the Field.
E132	DOMAIN#_RTG IS IN ERROR The entry in the rating instrument is invalid. Enter correct code in the FIELD.
E133	DOMAIN#_EMG IS IN ERROR The entry in the emerging instrument is invalid. Enter correct code in the FIELD.
E134	DISABILIT1 CODE IS IN ERROR The DISABILIT1 code is not one of those listed under this entry. Enter a correct code in the Field.
